Volume - IV, Issue I

April 2024 - July 2024

From the Principal's Desk

- Mrs Renu Sharma

Education is the most powerful weapon which you can use to change the world," as Nelson Mandela wisely said. With this in mind, I am thrilled to share the exciting developments taking place in our school. Education today is no longer confined to textbooks and exams, it focusses on developing competencies that prepare our students for real-world challenges.

Our school is committed to fostering a learning environment where students actively engage in a wide range of activities that enhance their critical thinking, creativity and collaboration skills. From classroom projects to hands-on experiments, we are encouraging our students to take ownership of their learning journey, ensuring they are not just passive receivers of knowledge but active participants in their education.

In addition, our students are actively participating in inter-school competitions, showcasing their talents and honing their skills in various domains. These competitions are not just opportunities to win accolades but are vital experiences that build confidence, teamwork, and leadership. We are immensely proud of how our students have excelled, with enthusiasm and integrity.

Earned Top Recognition at the IGI Stellar Awards

On July 7th, 2024, the Indirapuram Group of Institutions celebrated the Stellar Academic Excellence Award Ceremony, honouring students who scored 95% and above in the AISSCE 2024. Their success echoes Aristotle's wisdom: "Excellence is never an accident."

Four of our students: Adya Kalia, Bhavya Singh, Angel Gautam and Nityansh Pant brought laurels to our School and received the coveted Stellar awards for their accomplishments. They were felicitated by the Management with a plaque, a certificate of merit, a gift and cash prize. The esteemed Parents were also invited to this extravaganza. The Students acknowledged all mentors and the novel way of education in the School that was instrumental in their success.
